

I found my answer at BLK...

The moment we walked into Dr. Anchal, we knew we came to the right place. Dr. Anchal is so warm and friendly. The nurses and office staff were kind and very welcoming. Aside from Doctor's knowledge and experience, she is herself truly impressed me with her calming manner and attention to detail. When going to any doctor especially a fertility doctor, chances are you are already feeling a bit delicate and vulnerable. Leaving Dr. Anchal's office I felt reassured and confident that I was in the right hands and looking to building plans for a bright future.

The overall experience was excellent. The office staff was kind caring and helpful. There were many required steps to the process and everything was timely, organized and clear.

We are soooooo happy we have found Dr. Anchal and BLK. The entire staff is aw some!!!
Thank you Dr. Anchal Aggarwal. 😊
