

*I found my answer at BLK...*

We live in Gurgaon, so coming to BLK for infertility treatment was not an easy decision for us. But after meeting Dr. Ranehal we became quite confident of our decision.

She not only listens and try to understand every problem patiently but also has a thorough knowledge of her field. And yes of course she is quite approachable also.

Now almost 6 yrs of our marriage, I got pregnant and hopefully going to deliver our bundle of joy very soon.

So thank you BLK, thanks Dr. Ranehal and last but not the least, big thanks to the staff at the IVF, which is really very cooperative and caring.
